

Statement of Explanation
Exhibit to FCC Form 398, Question 11
2007 - Quarter 3

Licensee does not broadcast free over-the-air digital video programming on any digital stream other than its main program stream. For that reason, the appropriate response to Question 11 would be "N/A" as that question pertains only to free programming provided on other than a main program stream. On the advice of commission staff, in order to successfully file its 398, licensee is responding to Question 11 "No" and attaching this exhibit to explain that Question 11 is not applicable to licensee.
